Pithie carries the honour of being the last person to defeat Naseem Hamed (albeit in their amateur days), but his capture of the WBC super-featherweight crown in June surpasses even this achievement. O'Malley, on the other hand, is focused on leaving the Midlands with the commonwealth crown and will make Pithie knows he's been in a fight.</div><div></div></div><div><div><b>PLAYBOY TV/ ADULT CHANNEL</b><br/>ADD-ON CHANNEL</div><div>10.00pm Freeview 10.05 Passion Cove 10.45 Sex Guides 11.40 Sex Court 12midnight Freeview 12.10am Sunday Sport Stunners 12.25 Presenters Passions 12.55 FILM: Topless Truck Stop 2.15 Biker Annie 2.40-4.00am FILM: Wedding Night Blues</div><div>Adult Nightview is now available as a TV on-demand service between 10.00pm and 4.00am at £3.95. ## LIVE BIATHLON: WORLD CUP EUROSPORT 9.00AM

It's winter time, so it must be time for biathlon. The World Cup takes place this week in Osrblie, Slovakia, and today's event is the individual men's 20km race which combines the cross country skiing with shooting, just like the hunters did in the old days. Britain's glory years in this sport were in the 70s with a team of soldiers led by Jim Fox. Now the old Soviets lead the way with men such as Aleksei Aidarov of Belarus (pictured).

Unlike most cards, Lombard Direct MasterCard has been designed to provide you with just one, low APR, whatever you use it for.

There is no fee with the Lombard Direct MasterCard. For all balance transfers, purchases and cash advances, the **APR** will be just **5.9%** for the first six months and **15.9% APR** thereafter – still more competitive than the standard APRs offered by many of the main card providers. What's more, in addition to the usual benefits you'd expect from a MasterCard, you can:

- Withdraw up to £100 per day and you won't be charged a cash handling fee.
- Enjoy up to 100 days' insurance cover on most purchases over £50<sup>†</sup>.
- Take advantage of up to 56 days' interest-free credit on purchases.
- Choose when you want to receive your statement each month.
- Choose between two different card designs.

|                            | Two of the West Midlands' best-loved clubs clash at Molineux tonight, but neither of them is likely to attain an automatic promotion place unless the form book changes. Wolves have improved of late with striker Ade Akinbiyi, (pictured, left) finding the net, while Birmingham City (whose Martin O'Connor is pictured, right), need an extra sparkle to push them above the play-off places this season. Colin Lee at Wolves and Trevor Francis at City will expect all three points tonight. |                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                  | 10.00pm Freeview 10.05<br>FILM: Over the Wire 11.40<br>Sex Court 12midnight<br>Freeview 12.10am Capital<br>Ride 12.35 Wanna Be a Porn Star?<br>1.10 FILM: Teledaddiction<br>2.25 Girl Hunt<br>2.45-4.00am<br>FILM: A Woman's Need                                                                                                                                                                                                                   | 12midnight The Ten Minute Preview 12.10am Stripper of the Year 12.20 Extreme Close-Up 12.45 FILM: Black Beach Patrol<br>1.00 The Five Minute Free View 1.05 FILM continues<br>2.00 The Five Minute Free View 2.05 Adult Feature<br>2.30 FILM: Masque<br>3.40-4.00am Vicky Lee                                |

## Subterranean bug hunt blues

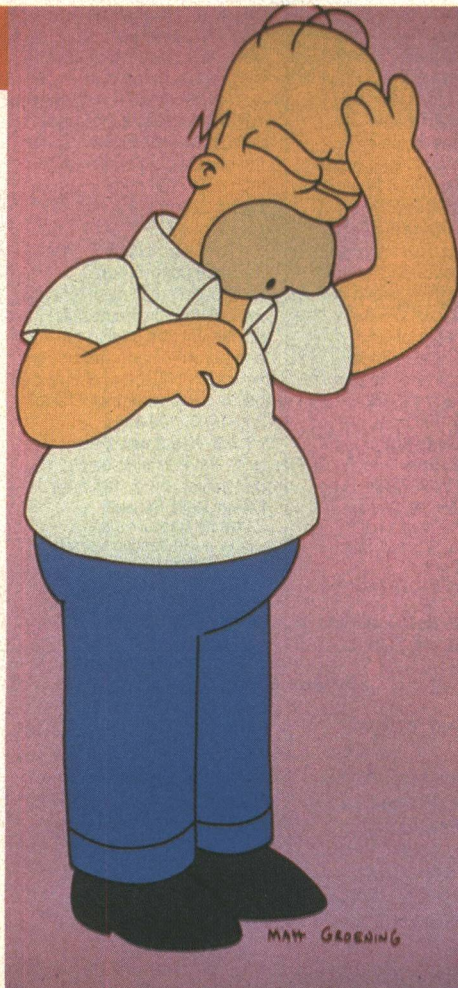

Mexican director Guillermo del Toro demonstrates a real mastery of mood in this week's premiere of the creature feature *Mimic*, which concerns a species of mutant insects breeding in the New York subway system. Stars Mira Sorvino, Jeremy Northam and Charles Dutton (pictured) all contribute excellent performances, and del Toro's fine feel for story and suspense ensure that *Mimic* more than meets its fright requirements.

## A bridge too far?

There's a mouth-watering Premiership clash this Sunday as Chelsea take on Leeds at Stamford Bridge.

This meeting between Gianluca Vialli's foreign legion and David O'Leary's talented youngsters (such as former Charlton defender and England Under-21 star Danny Mills, pictured) promises to be one of the matches of the season. With both sides chasing their first Premiership title, the result of this fixture could prove extremely important in the end-of-season reckoning.
